Bulletin No. 7-14

TO: ALL EMPLOYERS OF LOCAL 30 SHEET METAL APPRENTICES

<h2>APPRENTICE TRAINING</h2>

This is a reminder to all sheet metal contractors that the Provincial ICI Sheet Metal Collective Agreement was amended effective May 1, 2013 to include the following provision.

An apprentice who is to attend school to fulfil apprenticeship requirements will not be laid off or dismissed but rather issued an ROE (Record of Employment) indicating that the apprentice will be in training.

Please note as well that any apprentice dispatched by Local 30 to replace an apprentice who is attending school will not be counted for the purpose of determining apprentice to journeyman ratios for the duration of the absent apprentice's time away from work to attend school.

Should you require any further clarification of the above, please do not hesitate to contact us.

Yours truly,

Arthur E. White
