BULLETIN # 15-14

IMPORTANT

NOTICE TO ALL SHEET METAL CONTRACTORS

Re: Starting Times

Re: Clause 10 of the Provincial ICI Sheet Metal Collective Agreement

This is a reminder to all sheet metal contractors that the regular working day **MAY NOT** start prior to 7:00 AM, unless a contractor has complied with the following procedure:

1. The local union is notified of a request for a starting time of 6:30 AM;
2. The local union conducts an on-site vote of the members working on site;
3. A majority of those members vote in favour of the 6:30 AM starting time.

Under **NO** circumstances may the regular working day start prior to 6:30 AM.

Please ensure that your company complies with these collective agreement requirements.

Should you require any further clarification of the above, please do not hesitate to contact us.

Yours truly,

Arthur E. White
Business Manager, Local 30

Wayne Peterson
Executive Director, TSMCA
